

## EXECUTIVE TOWEL RAILS

### Stylish statements for the latest bathroom designs

**NOBO Heating's range of Executive Towel rails complement the smartest bathroom designs and sculptural accessories that make today's bathroom a relaxing space in the home.**

Available in two versions, Chrome and Pure white, both Towel Rails are splashproof to IP44 and provide an elegant and maintenance free heat source.

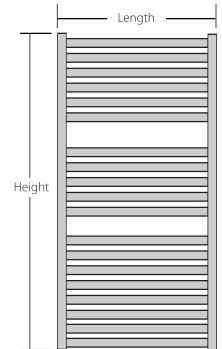

Manufactured from high quality tubular steel, the round profile chrome version incorporates generous window openings from which to hang towels and is available in three output sizes – 200 Watt, 300 Watt and 400 Watt. The similar flat profile chrome version is available in 200 Watt, 400 Watt and 500 Watt output sizes.

The Pure white Towel Rail is available in outputs from 200 Watt to 800 Watt.

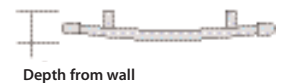

Model	Finish	Rating Watt	Length mm	Height mm	Depth from wall mm	Weight kg
